### More House Love

In the house that helped build a King  
And direct Spike  
In the Morehouse of learning among brothers and sisters  
Love had Price to pay  
Love took a look and so shook Price  
The look of Love a crime against man  
Price would make Love pay  
Price took bat to Love  
Beat back  
Beat out  
Beat down  
Beat off  
Batterer up  
Going, going, get out  
Bat to head-bashing clear  
Price was up to cleaning out his field of fear  
In his house no more of that Love  
No love for Cullen, Langston, Baldwin, Rustin  
Men who loved despite the price  
In the house of more knew histories of race restraints  
Fights to overcome  
Morehouse walls are thought to stand against  
race hate of this country  
Love thought he could be out there  
No home to run to for Love

Basta, Basta

Bee populations are suffering, unable to maintain their cooperative hives due to a combination of human created environmental and industrial factors. This may lead to detrimental affects with world-wide consequences.

## **Order**

Can I get the large one to smite down colonial corporate whores who cause death and destruction and still say there is a heaven they will go to

Can I get the small one not noticed until it's too late to do anything about

Can I get a heavy one so that everyone feels it and makes them think meaningfully

Can I get the sticky one that follows its dreams

Can I get one that stays dry and afloat in a flood

Can I get the one that sees it starting and stops it before it starts up

Can I get a slow one that really goes fast but not out of control

Can I get the worst one to stay real

Can I get the hard one to remember

Can I get the one that handles traffic well and sudden drops

Can I get the one that is before and after

Can I get the one that operates at home, at school, at work, in public places, oppressive spaces, on the dance floor, at marches, in competitive sports

Can I get the one that grooves

Can I get the one that's welcoming until it's not

Can I get the subtle one to figure out equations

Can I get the one for the master bathroom and the minor bathroom

Can I get the one without security stickers, politicians, judges, lawyers, police, and jail time

Can I get the one that fits comfortably in all difficult and hard-to-fit places

Can I get the one that causes hugs, laughter, happiness, giddiness, boldly greeting each day and night

Can I just get the one without attacks, bullshit, bad ingredients, and lies

## Shopping To Death

Day after Thanksgiving Day  
Giving over to buying all day  
Black Friday  
Final sale  
Special deals  
Layaway  
Discounted  
One day deals  
Mark down  
Incredibly low  
Shopping mobs chanted "Push the doors in, push the doors in..."  
They pressed against the glass doors  
Pushing, wild-eyed, shopping gassed, storming past  
Human-chain links broken  
Unfortunately, the nice young man who opened the gates of hell  
Shoppers swelled by stomping down on some thing not for sale  
Trapped in their mad race, crushed under mobs feet, death trampled  
Mr. Damour is down  
Toppled to the floor  
Prices are down and out with his life  
Walls of the marts hold the stuff of shopper's dreams  
Mr. Damour is down  
Stomped underground  
Dead at 6:03AM  
No one is responsible  
Difficult to distinguish individuals from raging mob in surveillance videos  
Shopping not stopping after death  
Store reopened at 1PM and was packed within minutes  
Day's receipts were accounted for

## **Rabid Tax**

My taxes  
My taxes  
They took my money for taxes  
They said that I still owe them more  
There came a knocking at my door  
It was a rabbit  
I opened my door and there stood a rabbit  
It said it had a job to do  
I told it that my rent was still due  
It laughed and said it did not care  
The government was needy here  
I begged and I pleaded  
I said I had no insurance and my hospital bill was overdue  
It danced around and shook its tail  
And said, It's not my care that debt is on you

Oh, my taxes  
Oh, my taxes  
I said, I can not pay more taxes  
I ran inside to get my wallet  
To show it that this was true  
The rabbit let out such a wail  
It said, if I came back with a gun  
It would not even have to run  
Because we can multiply by more than one  
I said, oh no, just have a look in here  
All the money I have is there  
It took my wallet  
Oh, my wallet  
It got on top of my wallet  
It humped my wallet happily  
Then handed it right back to me  
When I looked inside I could see  
It was as empty as could be

Oh, my taxes

My taxes

Before I could complain some more

The rabbit hopped away from my door

It said, I'll see ya

Yeah, I'll see ya

I'll see ya next year baby

Oh, my taxes

My taxes
