

J. D. Nelson

**pocket the brain**

not sleeping  
loathsome

wheat thins  
crinkling king

my baggie  
your baggie

in broom  
field today

**grape tortilla**

green nothing

weird

without  
a nothing

without  
xeriscaping

without  
substrate

**ho-ho-kus**

without a long egg  
without donut pie

an egg, alone  
(a moon)

**salad frosting**

on galactus mountain  
the meager sunlight of this world

strained

our myriad powerbooks  
rotten

*o welding certificate!*
