BUNNUN

The image features the word "BUNNUN" written in a highly decorative, calligraphic script. The letters are rendered in a bright gold color against a dark, muted green background. The 'B' is a large, bold initial with a thick, rounded top and a deep, curved bowl. The 'U' is tall and narrow, with a pointed top and a thin, tapering stem. The 'N' is composed of two tall, narrow stems with rounded, hook-like tops. The final 'N' is similar but has a more pronounced hook. Below the word is a large, elegant flourish consisting of two overlapping, sweeping curves that cross each other, creating a sense of movement and grace. The overall style is reminiscent of traditional Islamic calligraphy or a modern, artistic interpretation of a similar style.

I wish to see  
the world  
as I've never  
seen it before.

As if I've never been  
aware of fish flying  
in the raw wind  
or birds swimming  
in rapids

There are no magic fish  
in the street, you saw  
a reflection in the water,  
Magic fish only swim  
in the sky.
