

J. D. Nelson

the western is the western

the whisper
is the who

downstairs
is the lee

*one teems with
multivitamin art*

is the lee
downstairs?

is the who
the whisper?

two hundred & the final fifth

apple argent
the silver half

a personable nothing
a plain nothing

sballots!
advil!

the frank burns

you wish

what, then?

the land lard?

the vulgar trucks?

the sharp earth?

the limits?

nothing

no-thing
