How did post go from after to here? As much as a wheelbarrow can hold. The other way a person can follow. It is in the presentation. It is rough standing. A man the name of Huh per passport. The lack of precision is what takes getting used by. It's no bumpy than the last or any.

(2)

The "fact" or the "pact." Sole eloquence of a mirror only lost. Sorrow of war "zones." "Rows" too late. It's often the fact of the saying writing the reading for hearing. Wherever. Of course why. Then ill keep. Not shaking in fact in fact a joining in going against & giving into. In turns. So learning so.

(3)

Gordose din. Similar to a single simple ling. Sclerebral pore so cramping lateral erratic. Naturally they looked up & the only mirra 'dored 'em to doom. All those scrambled sheaths those deviled double *os*.

As in the Reader's Guide to Literal Rue. Your topiary can whip my
topiary. Static agitation of show quaint certain. Damp shrug in vestibule

This 'Ordanian finds an arrowhead & I know him how I know.
Gombrowicz wrote here we are about to act and by acting we shall
create reality & the translator knew by dint of the French translation &
the German translation that that is how the English translation. Cosmos
told we. & 10,000 years old he said "they told." Go ahead be a leaf as
much. Something hangs for sure.

(12)

A proper riot for the times. Excuse me it comes from. If it's the music I
held 20 years back in my instanced hand & a puzzle. The sphincter takes

Then defunct. A puzzling in anaromaed space. Enamorada spelled attack. Attached hurry as though a log or simple subterfuge ankle by ankle a form of neck. Necklace headings as though a lack of cowardice tail tell. Telled in the mighty forage & you were there & you heard it how running was born. It's all in the rungs quacked the 'cocious oacorn as steamers plied the grounding beach'eads that famous storm of flurry feathers quaffing down.

Let's return. Let us return. The best salad is the one you made yourself. The weest free bit. The freest wee bit. Where it says name it says so. Lets count in alphabetical order. Lets recite the dead chronologically starting with. Relocation. There is a tossing no one can stand the loss of one or more hair. The least of it an invitation. Pleas.

(16)

Without ghosts you make one just not called in blue revolute jack anthem. Two skies about the horizontal sample career day antithesis so one is golden in dimming as a green lost in sand roust like the one about the cake-up wall. With such -a-ling a-linger-ing uncontrite of eye a blink enseveraled until such music as the draped ass of a wasp in wait the foretold. Against such gorgeous beckon I hold no belt.
